

# Jasiel Rivera

## Computer Scientist

I am a Computer Science student with a drive to learn and create new things. In my free time, I enjoy playing with new technologies and tools. I have created Discord bots, Selenium Scripts for web scrapping, used NLTK for tweets sentiment analysis, and I'm constantly playing with different APIS.

## Work History

2021-05 -

### Internship Student

2021-07

*University of California, Santa Cruz, California*

Worked as an assistant for the NLP team of the university, on an Amazon competition called Alexa Prize. The goal of this competition was to create a social bot for Alexa users.

Part of my work:

- Coreference resolution
- Increased sentence diversity by creating new ones with SPARQL and Python.

2019-06 -

### Freelance Web Developer

2021-05

*Freelance, Vega Alta, Puerto Rico*

Created webpages like the following:

- Photographer portfolios
- Digital Artist landing pages/portfolios
- Ecommerce with Paypal payments

## Education

2018-08 -

### Bachelor of Science: Computer Science

Current

*University of Puerto Rico - Rio Piedras*

2015-08 -

### High School Diploma

2018-05

*Ladislao Martínez Otero - Vega Alta, Puerto Rico*
